ABOUT THE BOOKS

The Qurilixen World is an extensive collection of science fiction and futuristic romance novels by award-winning author, Michelle M. Pillow®. It all started nearly 15 years ago with the original Dragon Lords series, and has since grown into the massive collection you see before you.

Which way should I read?

Some readers want them in chronological order, and that's fine. However, the series does not have to be read like that. Some books take place in modern day, but it's actually fun to read the futuristics first. For that reason, many readers prefer the read by series, but following the Reading Tips icon!
